

FUGGITIVE

F333 CAM-AM

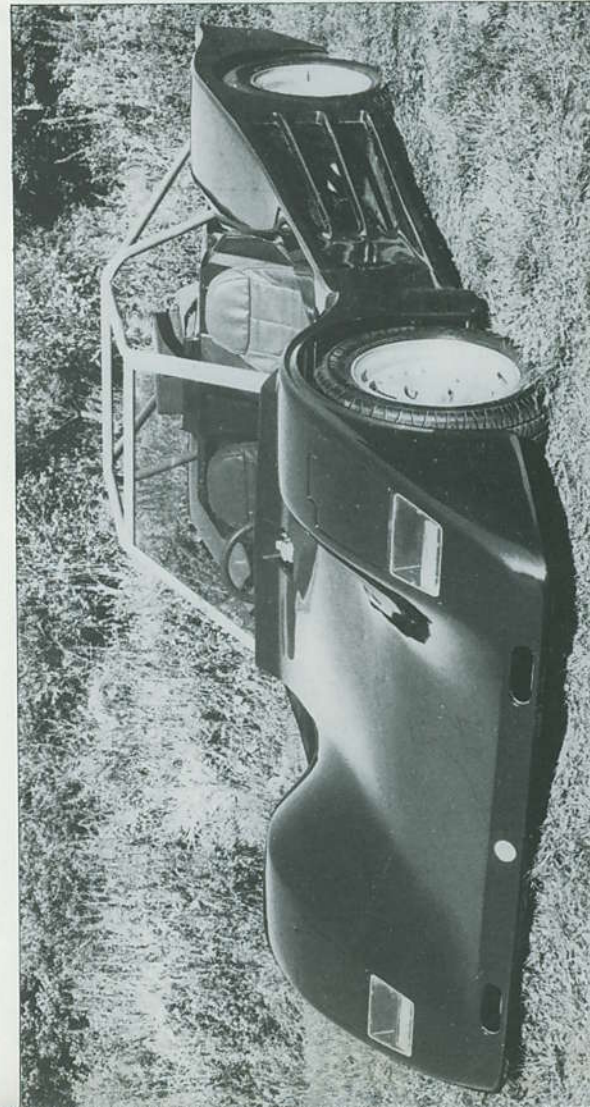

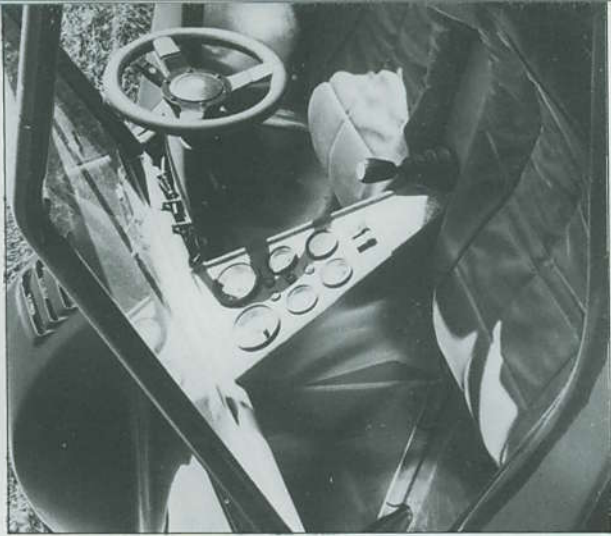

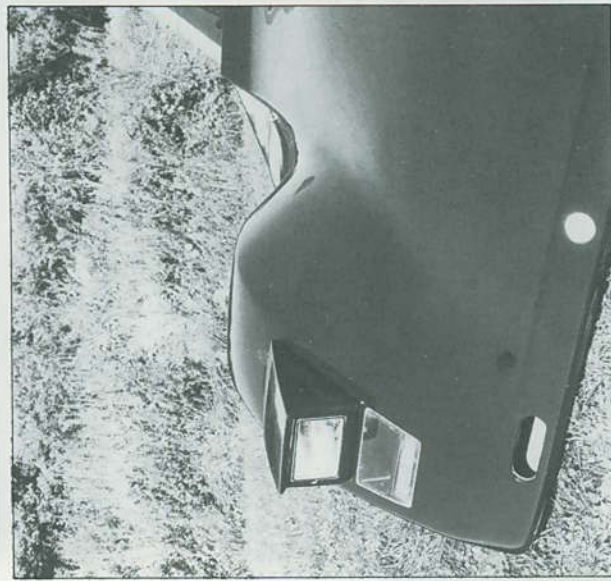

*It blows away more
than just cobwebs.*

The UVA F33 Can-Am ... a 2 seater very high performance Sports Car. Designed to combine the dynamic driving capabilities of a racing car with practicalities of a road car.

There are minimum frills but maximum technical design in the F33. The body styling and suspension design lean heavily on the latest racing car practice which includes underside aerodynamics. Personal comfort has not been forgotten, with purpose made reclined seats, comprehensive VDO instrumentation, adjustable pedals and steering plus full weather equipment.

Driving the UVA F33 Can-Am is an exceptional experience and so exhilarating, it can become addictive.
