Body Colour Choice in Gel Coat Finish

The UVA Fugitive 30 range is priced in 4 main stages: Stage 1 is the Starter Kit, Stage 2 includes the next range of parts required in the build programme, and Stage 3 contains all the UVA parts required to complete the build. The Stage 4 Kit Programme is designed to dramatically speed up your assembly time and help Fugitive 30/33 owners who want a minimum amount of labour involvement.

The parts contained in these 3 stages are available individually.

UVA can undertake complete Fugitive builds on your behalf from road going to racing examples.

UVA offer an extensive range of optional extras, these include: Alloy radiators, electric cooling fans, oil cooler kits, competition anti roll bar kits, extractor V8 tubular exhaust manifolds (1½" or 1¾"), silencers, exhaust manifold kits, front & rear disc brake kits, full length windscreen, screen wiper/washer systems, tonneau, hard top, full weather equipment, luggage rack, aerodynamic rear valance, etc. etc.

To order your Fugitive 30 or 33, fill in this Order Form and send it to UVA complete with a deposit for 1/3rd of the purchase price. Allow 12 weeks delivery for Stage 1 Kits - Stage 2 & 3 Kits are available within 4 weeks. UVA general and special parts are available within 48 hours.

Customer's Signature Value of Deposit Enclosed

Remember: The extra services available from UVA:-

- * Full range of standard & performance parts
- * Full workshop facilities for part or fully built cars

SCMG CODE OF PRACTICE

(Your assurance of quality and safety)

Did you know the H.M. Government give exemption from National Automotive Type Approval to all amateur built vehicles (kit cars).

The result has been a flooding in the market place of over 100 firms, from large to one man operations.

The range of qualities, safety and road legal requirements equally, is as broad.

Therefore, how can you, as the customer be aware of **what is legal?** or **what is safe?** and **what is considered of good quality?**

Furthermore, will you receive the all important after sales service and technical support you may need?

UVA are Members of the Specialist Car Manufacturers Group and we meet the rigorous standards laid out in the SMMT/SCMG Code of Practice which includes:-

Engineering Standards (the main areas of consideration are)

- * Design
- * Body, body projections and door fittings
- * Braking system
- * Chassis and modifications to production parts
- * Chassis integrity and crash worthiness
- * Engine and transmission mountings
- * Fuel system materials
- * Glazing materials
- * Lighting
- * Mirrors
- * Suspension & Steering components
- * Occupant safety and dangerous projections
- * Seat belts and anchorages
- * Seats and mountings
- * Wheels & tyres - sizes, offsets, speed/load rating
- * Welding tests
- * Vehicle identification

Customer Service (the all important)

- * Availability of a full and comprehensive build manual which outlines in detail how to construct the car.
- * All the special parts are made available.
- * Full after sales service and telephone help line.
- * 12 month Warranty scheme.
- * Financial stability of Member Company.

These tests are carried out jointly by the SMMT (Society of Motor Manufacturers & Traders) and the TUV (U.K.), two of the staunchest and most reputable bodies in the Automotive World.

THE RESULT IS, YOU BUY WITH CONFIDENCE WHEN YOU PURCHASE FROM A MEMBER OF THE SPECIALIST CAR MANUFACTURERS GROUP.

From: The Unique Vehicle & Accessory Co. Ltd., Argents Mere High Technology Park, Hambridge Lane, Newbury, Berkshire, RG14 5TU.
